

LEDIMA DITAU

MINING & RESOURCES

ENVIRONMENTAL POLICY

Ledima Ditau Mining & Services is a Level 1 BBBEE rated company and 100 % black owned. We provide the services of Opencast Mining, Crushing and Screening, civil infrastructure and rehabilitation while operating in the Civil and Mining Industries.

The Directors and Management of **Ledima Ditau Mining & Services** supports the responsible management of environmental issues and considers this to be an integral part of its business ethic.

As a responsible company, **Ledima Ditau Mining & Services** will actively participate in protecting the environment by:

- Complying with our Client's approved EMP (Environmental Management Plan)
- Align with our Client's needs, objectives, targets and programmes
- Using legislative requirements to guide and promote continual improvement
- Prevent pollution and manage our environmental impact
- Promote environmental awareness to employees through training
- Limiting the use of water and energy resources
- Managing waste disposal responsibly

The environmental policy will, as far as reasonably practical, form part of the management systems so as to meet the requirements of **ISO 9001:2015**, **ISO14001:2015** as well as **ISO 45001:2018**
